

Lecture videos

This course is taught on campus with an online option. Lectures will be recorded and posted online within 24 hours of the class meeting. They will not be streamed live. There is more information on how to view the videos [here](#).

Sections

There will be online sections held on slack. We will send you the section material on Thursday nights. You can work on the problems on your own or form groups through slack. I will be on slack for two hours on Sundays from 10:00-12:00 ET to answer questions and discuss the solutions.

Office hours

I will not be holding regular office hours online. Please see the slack channel #how-to-get-help for ways of getting help from me directly, or through slack/piazza. Note that there are also piazza office hours every Sunday from 20:00-22:00.

Getting a Harvard email address

You will need a Harvard email address to access the slack and piazza groups. Instructions are [here](#).

Joining the piazza group

The course syllabus explains how we will be using piazza. You will need a Harvard email address to set up an account: <https://piazza.com/harvard/spring2016/cs181>.

Joining the slack group

You will need a Harvard email address to set up an account: <https://cs181ext2016.slack.com/signup>. On Sundays new slack channels will be created for the upcoming week's lectures, section, and assignments. Make sure you join them in case I post extra notes or updates.

Coursework

Homework deadlines for extension students are Sundays at 23:59. Practical deadlines are also Sundays at 23:59, provided that your team only has extension school students. You will not be required to take the exams. Your final grade will be based on the five homework assignments (45%) and the four practicals (55%).
